A - Forming Dies (Original)
B - Forming Dies (Jerome Sydenham Dub Mix)

Adam Beyer returns to his own imprint with this new track - Forming Dies which he co-produced with fellow Swede - Joel Mull. This vocal laden bomb is a killer with its driving club groove, building synths, fx and trippy vocal refrain. On the flip side Jerome Sydenham turns it into a 'warehouse' bomb cleverly utilising the elements and reworking them to maximum effect.
